1. In accordance with the directive, it is informed not to accept the letters relating to the following topics sent by International Criminal Court (ICC) and Federal Court of Argentina:
 - a. The International Criminal Court (ICC) filed on 6 September 6 2018 that so-called Rohingya Muslims from northern Rakhine State in Myanmar were forcibly relocated to Bangladesh; Burmese Rohingya Organization UK (BROUK), on 13 November 2019, filed human rights violations and crimes against former heads of state, military senior officials and government leaders in the Federal Court of Buenos Aires, Argentina;
 - b. Although Myanmar is not a member of the ICC, given that Bangladesh is a member of the Rome Statute and member of the ICC, so it was decided that there was jurisdiction to adjudicate crimes committed in the territory of a member state and a pre-Trial Chamber III (a Preliminary Trial Chamber) was formed on 25 June 2019 and investigations are being carried out;
 - c. Although Myanmar still stands by its position that it is not a member of the ICC, it does not need to abide by the ruling of the ICC, possibilities are that judges of ICC could decide that the evidence of the plaintiffs is sufficient to issue arrest warrant or summons;
2. Therefore, responsible officials of all levels of battalions under the command of the regional operation commands shall supervise and implement strictly to ensure that no one shall accept any letters or arrest orders related to travel restrictions or arrest warrants or summons or letters sent by express carrier services from abroad including DHL and other means from ICC or Argentinian Courts or the plaintiff, and that no one shall (absolutely) not forward any messages from Social Media such as Viber, Messenger, Telegram to others; and if found, severe action will be taken according to the military regulations. All battalions are thus informed to seriously abide by and carry out the above-mentioned directive.
